INTERVIEW SUMMARY

Dear Sir:

On May 3, 2003, the undersigned spoke with Examiner Nathan Flynn concerning the Office Action of 4/21/04, and in particular stated that the rejection based on the defective oath or declaration seemed erroneous. (Examiner Flynn was called because no phone number was known for Examiner Erdem.) Examiner Flynn said that he would discuss the same with Examiner Erdem, and have Examiner Erdem contact me.

On May 4, 2004, Examiner Erdem telephone me, and left the following message on my voice mail, which I had transcribed.

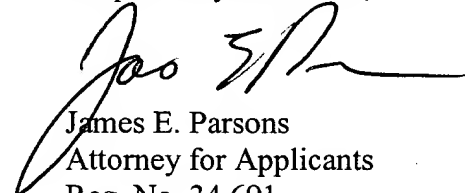

This is Fazli Erdem from the Patent Office regarding application number 09/923,834. The final rejection based on the declaration being defective was wrong on this case. So I'm going to have to withdraw the final rejection on it. I'm going to issue either a non-final rejection or an allowance after doing further research. If you have any questions, please give me a call at (571) 272-1914.

Accordingly, applicants will not be responding to the Office Action of 4/21/04. The undersigned acknowledges receipt of the Office Action dated May 21, 2004 withdrawing the finality.

Please direct comments or questions to the undersigned at (408) 451-5906
